- Analysis and Insights

Problem Statement

- The Clinic Has Got Several Complaints about Wait Time.

Task

- Analysis , Hypothesis on Wait Time

Question from Management

Why are We Getting These Complaints ?

- Do We Have Staffing Issues ?
- Are these Complaints legitimate ?
- Are We Too Busy ?

Technique

How to Develop Insights ? (W.H.W)

1 What are Business Goals ?

Fix Long Waiting Time Issue

2 What is our metric of Success or Failure ?

Wait time

3 What are the Trends ? (positive or negative)

- Day of Week when wait time increase
- Time of Day when wait time increases

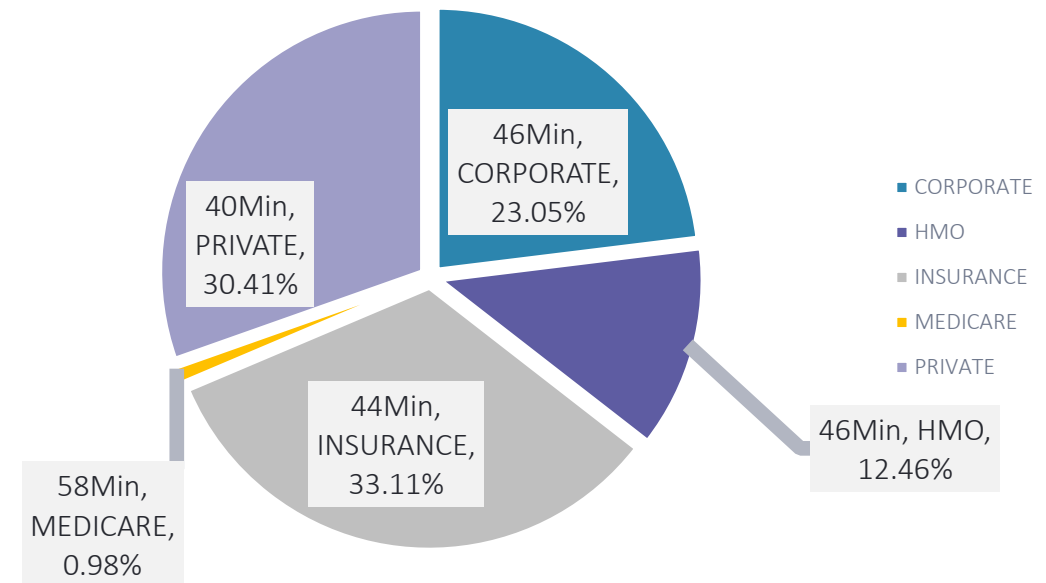

Analysis and Insights

Financial Class and Average Wait Time

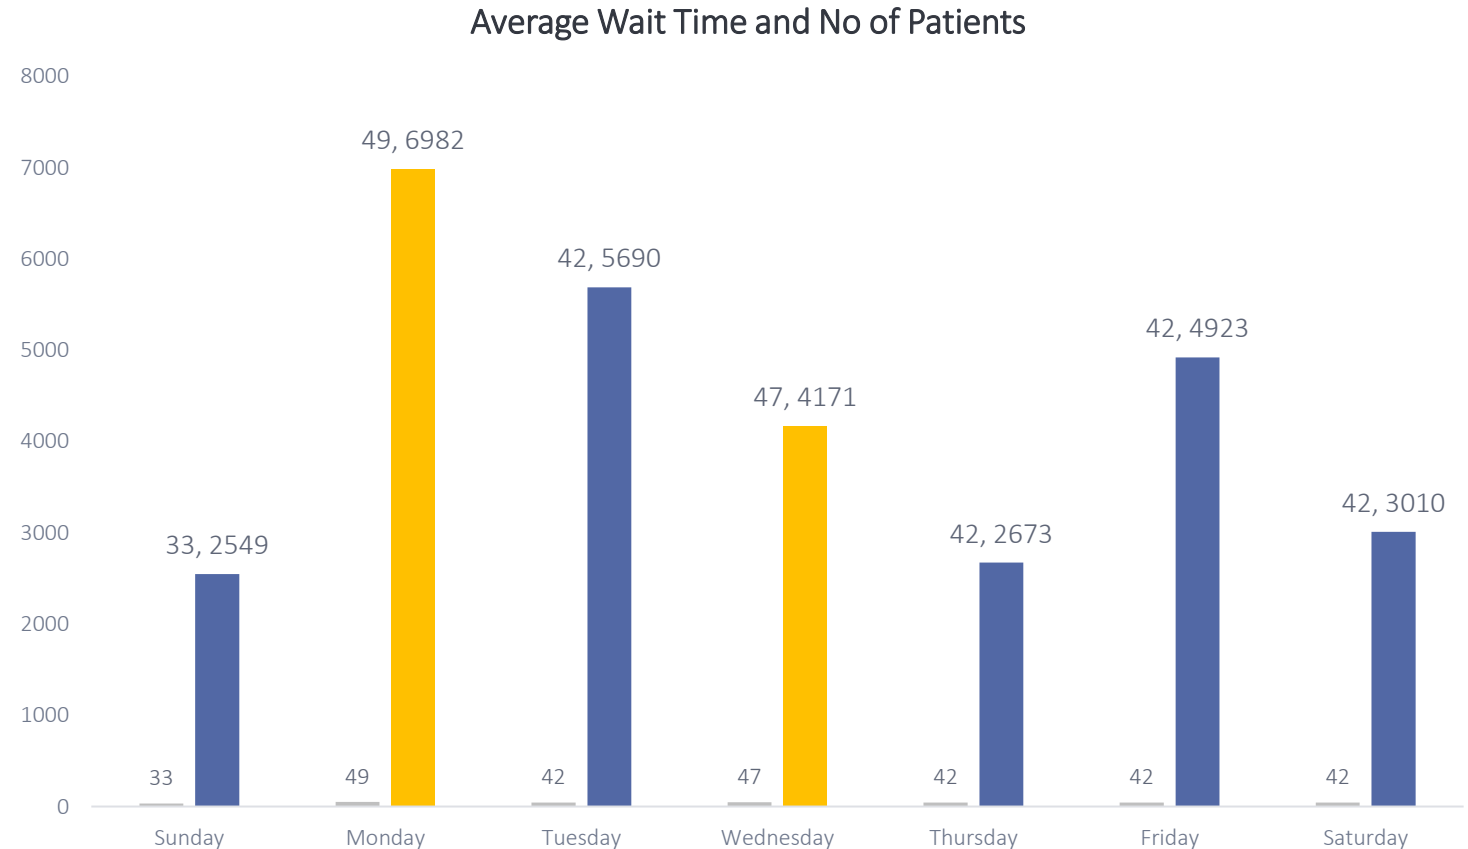

- Medicare Class Patients has most Wait Average Time 58 Min Patients are very less 0.98% so that maybe is not a good representative of Population.
- Corporate and HMO Class Patients are taking 46 Min Average Wait time which is Average Wait time of Whole Population . Financial Class does not significantly change the weight times

No of Total Patients By Financial Class and Wait Time

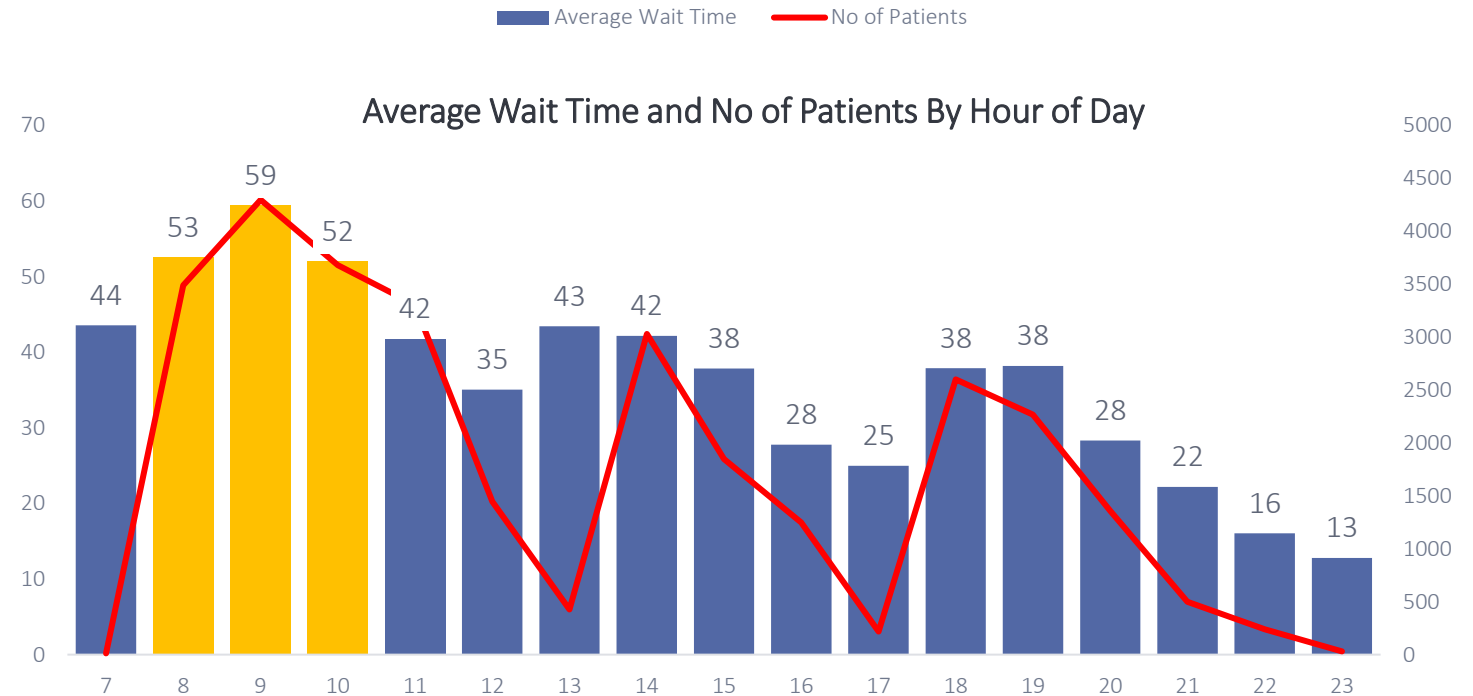

What Days of Week are Getting Affected ?

- Monday has The Highest Average Wait Time 49 Min also patients are highest on Monday 6982 . Need To Allocate More Staff on Monday to Reduce Wait Time.
- On Wednesday Patients are less 4171 but Average Wait time is 47 Min which is more as compared to other Days . That needs to be Looked

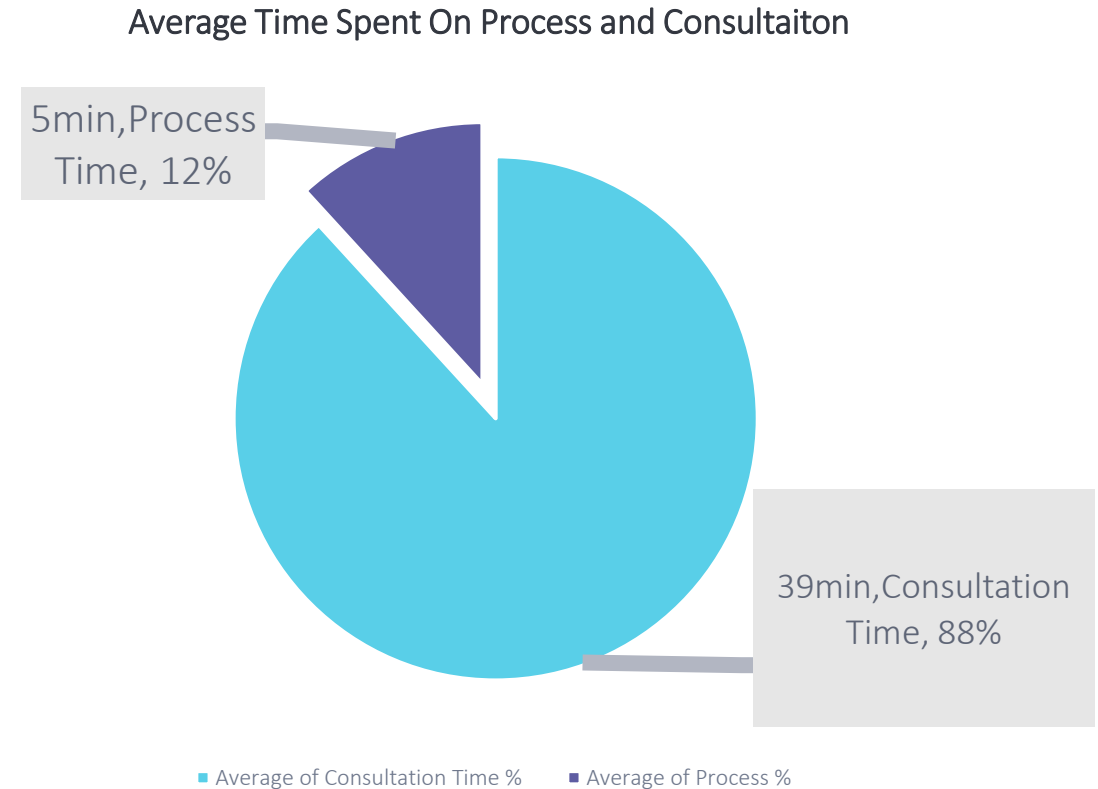

Hour Of Day and Wait Time By No of Patients

- Hours from 8 am to 10 am are most Critical as No of patients and Average wait time both are High
- We must make sure during 8 am to 10 am Staff is allocated more so that we can decrease the Average wait Time .

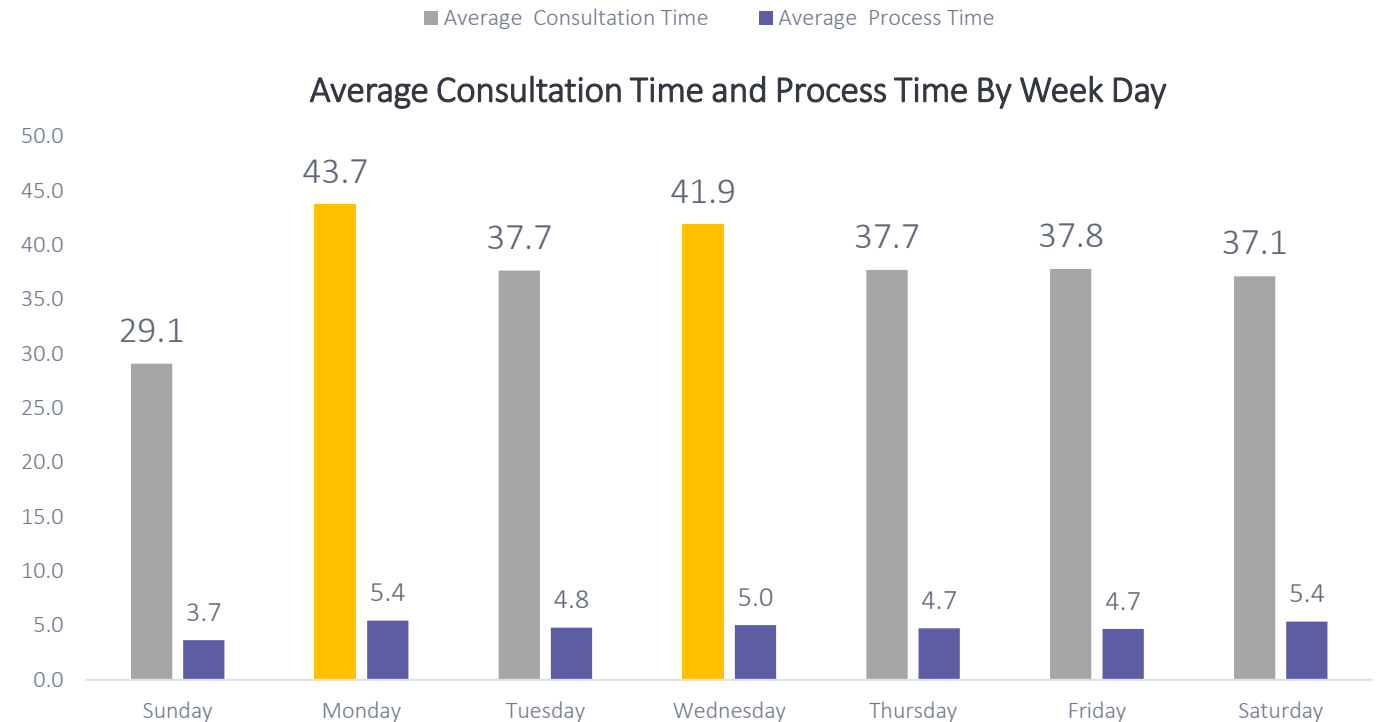

Where Do We Need Staff ?

- We Need to Focus the Staffing on Consultation because Most of the Time is spent there by Patients waiting to see the Doctor

Where Do We Need Staff ?

- It is clear that Monday and Wednesday are having most Average Consultation Time Need to align proper staffing during these days.

Thanks
